

Marsh-Hosted RIMS Sessions Schedule

PLEASE NOTE

The session guide includes a day-by-day listing of Marsh speakers and panels at the RIMS 2018 Annual Conference & Exhibition. Every effort has been made to provide accurate and complete information. Please keep in mind, however, that there is always the possibility of last-minute changes.

Monday, April 16

Restaurant Industry Session

1:15 p.m. – 2:45 p.m.

Rich Bleser, Senior Vice President, Marsh Risk Consulting, WFS – Fleet Safety Practice Leader

richard.bleser@marsh.com

Room: Hemisfair Ballroom C1

The restaurant industry demands that you deal with the pressures of the economy, legislation, commodity costs, labor and changing consumer preferences. Explore those strategic risk management challenges with your peers. Be among the first to examine the annual claims benchmarking results. Participate in the survey in advance and receive a confidential report that compares your company's results by segment – all while networking with restaurant risk colleagues.

A First Course in Contractual Risk Transfer

1:30 p.m. – 2:30 p.m.

Daniel McGarvey, Managing Director, US Power and Utility Practice

daniel.s.mcgarvey@marsh.com

Room: 301A-C

Get to know contractual risk transfer as a potent first line of defense. See how the proper allocation of risk in advance of loss benefits your business and society. Witness the interaction of insurance policy provisions and contractual risk transfer tools. Discuss indemnification provisions and the stipulation of meaningful insurance requirements. Review subrogation waivers, additional insured requirements, limitations of liability and certificates.

Marsh-Hosted RIMS Sessions Schedule

Tuesday, April 17

Avoiding the Global Privacy Landslide

9:30 a.m. – 10:30 a.m.

Peter Beshar, Executive Vice President and General Counsel, Marsh & McLennan Companies, Inc.

peter.beshar@mmc.com

Room: 302A-C

The General Data Protection Regulation (GDPR) creates a tectonic shift in the ways data is collected and processed. But other regions have complicated the regulatory landscape for cybersecurity and data privacy as well. Explore where you will find compliance challenges with network and information security mandates. Consider how regulations may affect core operations and which industries are most affected. Plus, explore recommendations to avoid cyber security regulation pitfalls.

Excellence in Risk Management XV

3:00 p.m. – 4:00 p.m.

Brian C. Elowe, Managing Director, US Client Executive Leader

brian.c.elowe@marsh.com

Room: Hemisfair Ballroom C2

See how the scope and mission of risk management continue to change as a result of regulatory, economic and geopolitical trends. Explore the results of the 15th annual RIMS/Marsh *Excellence in Risk Management* survey, a compilation of current, key trends in risk management as identified by members of the profession. Join the discussion about the drivers of risk management and their relation to overall business strategy in the 21st century. This session is hosted by RIMS.

What Risk Managers Need to Know When Advising Boards of Directors and Senior Management About Emerging Issues in D&O Insurance

3:00 p.m. – 4:00 p.m.

Sarah Downey, Senior Vice President, Directors and Officers Liability Product Leader, Marsh FINPRO

sarah.d.downey@marsh.com

Room: 225CD

Take your place at a case study-based debate on emerging governance risks and directors and officers (D&O) liability insurance claims. Review underwriting and claims issues, policy language options and tips for advising directors and officers on new and non-traditional governance risks. Examine how you can integrate D&O with corporate bylaws, indemnification agreements and other risk management tools to protect directors, officers and shareholders.

Marsh-Hosted RIMS Sessions Schedule

Wednesday, April 18

Energy, Oil and Gas Industry Session

9:15 a.m. – 10:45 a.m.

Thomas Swartz, Senior Vice President, Head of Oklahoma Operations

thomas.e.swartz@marsh.com

Room: TBD

Join risk professionals from leading energy companies to explore strategic risk management challenges. Get insight into the key public policy issues being tackled in Washington, DC and what to expect leading up to the 2018 midterm elections. Discuss the latest trends on the environmental front with information on claims and insurance coverage solutions.

Dispelling Captive Myths: The Path to Becoming the Core of an Innovative Risk Management Strategy

11 a.m. – 12 p.m.

Ellen Charnley, President, Marsh Captive Solutions

ellen.chnarnley@marsh.com

Room: 225AB

Are captive myths holding your organization back? Evolving with the parent organizations' risk management philosophies, captives are routinely used by entities of all sizes. Uncover the potential for your organization to address traditional, unfamiliar and sometimes unquantifiable risks through captives. Discover how you can challenge the status quo and move captives to the core of your business and risk management strategies.

New Perspectives on Sexual Harassment Claims and Risk Management

11 a.m. – 12 p.m.

Kelly Thoerig, Senior Vice President, Employment Practices Liability and Wage and Hour Coverage Leader, Marsh FINPRO

kelly.thoerig@marsh.com

Room: 303A-C

A tidal wave of sexual harassment claims has been unleashed across news and social media with related discrimination, hostile work environment, retaliation and sexual assault allegations also coming to the forefront. Determine the long-term economic and brand damage that could result from the consequent business disruption and marred reputations. Explore the risk from insurance, legal and corporate perspectives as well as transfer and mitigation opportunities.

Marsh-Hosted RIMS Sessions Schedule

Wednesday, April 18 Continued

Anatomy of a Cyber Event Claim

11:10 a.m. – 11:30 a.m.

Jason Trahan, Senior Vice President, Forensic Accounting and Claims Services

jason.trahan@marsh.com

Room: Innovation Cafe

Assess your capacity to respond to a cyber event. Look at the impact of a timely response on the claims process, financial recovery and the adjustment process lifecycle. Review effective responses, potential mistakes and best practices for cyber claim recovery and adjustment.
